

STILL Need of Soldiers and Heroes.

An Address to Civil War Veterans.

A Plea For Patriotism and Loyalty to Home.

"Pillars of the Republic" was the subject of an eloquent address by Rev. C. L. Alsop, at the Sunday morning service in the Grace Reformed church. Members of Buckley Post attended the service in a body. Rev. Mr. Alsop said in part:

"Our country is in a state of political, social and financial unrest, that threatens it with ultimate destruction. We are menaced by two opposing forces. The differences between capital and labor must be adjusted by arbitration or otherwise, or they may break forth at any moment like lava from a volcano and spread destruction around. If the country ever needed men, it is now."

"I prefer this morning to direct your attention to living truths rather than dead issues. Don't think that I do not appreciate the valor of your arms, for I do and hope that their memory may never be forgotten. But the living question is how to preserve and perpetuate this glorious land. Some one has said that intelligence, mainly courage, loyalty to our institutions and faith in Christ are the pillars."

"We must have general intelligence to best serve the interests of popular government. If you would preserve this land and overcome evils, you must educate the sons and daughters and teach the foreign hordes, which are pouring into America. Our public school system, the grandest in the world, will weld all the conflicting elements which beset us. Men, as you displayed valor 40 years ago, display it again in your remaining years if any attempt is made to injure the public school of America, and you will add more glory to your arms."

"Yet intellectual power and school drill will avail little if manly courage is lacking. In the war which you fought, when courage was pitted against courage, chivalry against chivalry, Americans against Americans, and brothers against brothers, the world witnessed nothing more awfully grand. Manly courage was demanded from 1861-65, and heroes responded. The cry for manly courage was never louder than today. We are under a slavery that is blacker than was the slavery that is past. We must kill the curse of intemperance and maintain the sovereignty of the law."

"Again, we must be patriotic. O young men be loyal to your country! Loyalty to God and to the home and native land is the keynote of American patriotism. There are difficulties which we must surmount. Think of

SUMMER COMFORT.

Get Ready For Warm Weather.

By a complete change in breakfast, at this time of the year, one can put the body right to go through the summer comfortably.

Leave off meat, potatoes and heavy body heating foods, and use the food that will nourish the body and give reserve force to the brain and nervous system.

A most appetizing and healthful breakfast can be made on Grape-Nuts and cream, some fruit and perhaps two soft boiled eggs—this meal will furnish full strength and nourishment up to the next and has a remarkable effect on the body during hot weather. Remember the cells of the body you are now building will last you into summer, so be sure and build the kind that tend to keep a cool body and level head.

One pound of Grape-Nuts has more nourishment—that the system will absorb—than ten pounds of meat, without any of the internal heat of meat that a person wishes to avoid during the warm season; its rich, nutty flavor added to the delicate sweet of the grape sugar makes a dish pleasing to the most critical taste.

You receive Grape-Nuts from the grocer ready to serve, as it has been thoroughly cooked at the factory by food experts, and this saves heat from cooking and time and exertion necessary in preparing ordinary food.

A change from the old breakfast to one like this will refresh and invigorate the system in a surprising manner and permit you to enjoy the pleasures of summer in a cool, comfortable fashion when your neighbors, differently fed, will be "hot."

the intemperance, unchastity, infidelity and unscrupulous politicians! Think of the mighty corporations which are polluting the sanctity of the legislative halls!

"And, lastly, science, art and philosophy, have done great things, but the religion of Jesus Christ alone is able to tame the passions of the human heart. The hope of success must lie in the church of the living God and the church now has a golden opportunity."

"Old friends, God is thinning your ranks. You are passing away daily and at grand roll call, at the grand memorial day, may you all be found in the army of the Redeemer."

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Mountsboro, Va. "They do me more good than anything I have ever tried."

ADA GRAY

Is Dying of Locomotor Ataxia In Fordham Hospital.

New York, June 2—Ada Gray, a noted actress in her day, but now a helpless invalid, has been found alone and almost destitute in a little cottage at City Island. Neighbors who discovered her plight had her removed to Fordham hospital and she will probably be cared for by the Actors' Fund.

Miss Gray has been in the Home for Incurables at Fordham for two years, suffering from locomotor ataxia. "The Actors' Fund provided a place for her in the Home and she appeared to be contented until about two weeks ago, when she left there and made her home in the cottage where she was found. She was taken to the hospital in a semi-conscious condition."

TEN CENTS

The Price Paid For Coffins at Auction.

Springfield, O., June 2—A number of coffins were offered at public auction in Yellow Springs, near here, and sold to the highest bidder. James Foley, of this city, was the auctioneer. They were disposed of at a sale of household goods of the late William McCullough, a cabinet maker.

There were twenty-four coffins in all nine of which were for children, and they brought ten cents each. The others were of large size and averaged 50 cents apiece.

LOOPS

On N. O. T. Lines at Silver Lake and Lake Brady.

The N. O. T. Co. has just completed a loop at the terminus of the branch line to Silver Lake, and is constructing another at Brady Lake. In the case of the Silver Lake loop, the double tracks lead from Silver Lake junction to the lake, so that large numbers of cars may be held in waiting when it is necessary to bring a big crowd from the resort promptly.

TRIBUTES To the Memory of Henry Perkins.

Memorial Services Were Held Sunday.

Many Kind Words by Those Who
Knew Him Well.

The memorial exercises for the late Henry Perkins, held at the First Congregational church Sunday afternoon, were very impressive. The music was subdued and sweet, and the words of eulogy spoken were from the heart. A large picture of Mr. Perkins, draped in mourning, hung before the pulpit, and the rostrum was decorated with palms.

The introductory words of the program were spoken by Dr. Howard S. MacAyeal. He said he had talked with Mr. Perkins only once, but that he was impressed at that time with the thought that he was a good, earnest, Christian man.

Dr. Samuel Findley spoke of Mr. Perkins' work in the Sunday school of the First Congregational church. "I was intimately associated with him in Sunday school work for more than 30 years," he said. "He came to this church in the spring of 1870, and I came in the autumn of the same year. Shortly after this time, he became superintendent of the Sunday school, and I was made his assistant. We worked together in this way for about three years, when he suggested that I become superintendent and he my assistant. We made the change, but later changed back to our former places. We kept this custom up, changing back and forth for 20 years."

"Mr. Perkins, I believe, had fewer bad thoughts than any man I ever knew. His excellencies were many, and he had a great, big heart. He was interested in and encouraged every movement to better the condition of the young. While the Y. M. C. A. was here some years ago, he was prominently associated with it, and he gave money generously to help with Sunday school work. Mr. Perkins was well fitted for working in the Sunday school. He seemed to have the natural qualities of an ideal worker in this branch of the church, as he was sympathetic and a splendid Bible student. His association with the Sunday school, and his influence for good, gave it a rich legacy."

The next person to testify to the worth of Mr. Perkins was Mr. W. C. Parson, who spoke of him as a citizen. "That he was successful as a business man," said the speaker, "was shown by his management of one of our largest industries. The business prospered and expanded, and there were never any labor difficulties, under his management."

The citizenship of Mr. Perkins was eulogized for its splendid example of usefulness, and the interest he took in the welfare of his fellow men. "We will remember him," said Mr. Parson, "as an honored member of a family that has done much for Akron during the past 75 years."

Hon. Geo. W. Crouse spoke of Mr. Perkins' fraternal relations. He said that he was one of the best known Masons in Ohio, and that he was prominent.

In Grandma's Day.

Women were straight and strong. They could walk or work side by side with the men of the family. They lived under healthier conditions; there was more simplicity and less strain. To-day it's different. The woman has all the care of the house and the wear of motherhood which were never dreamed of in Grandma's day. As a natural result, she's worn out when she ought to be in the full beauty of mature womanhood. Women who would preserve their health and strength should guard the delicate womanly organs. When these are diseased the whole body suffers loss of strength and beauty. Doctor Pierce's Favorite Prescription cures the diseases that weaken women. Inflammation, ulceration and female weakness promptly yield to the power of this great remedy.

"I had been a great sufferer from female weakness for about two years," writes Mrs. Emma Richardson, of Gate Wayne Co., Ky. "I could not do my work part of the time. I took four bottles of Dr. Pierce's Favorite Prescription and felt as well as I ever did."

inent because of his worthiness to hold high places. "No honors were thrust upon him by chance," said the speaker. "He merited them, and they came to him because of his worth."

Dr. T. E. Monroe, who was Mr. Perkins' pastor for 30 years, told how the call which brought him to the First Congregational church at Akron had been extended wholly upon the recommendation of Mr. Perkins. "He had been sent by the congregation to Mr. Vernon, where I was then preaching, to investigate my work and report on it," said Dr. Monroe. "I remember how I saw him in the church that day, and how intently he listened. He was a perfect stranger to me, and I thought him a traveling man. But he attended Sunday school in the afternoon, and evening services. I was very much impressed with the man, and when he called on me the next day to state his errand, I told him that I would come to Akron if a call were extended to me, but that I would not become a candidate. I had declined two other offers of pastorates, one of which would have taken me to Columbus. Mr. Perkins recommended that a call be extended to me and it was. This shows how great was the confidence placed in him by the congregation. They were willing to call a pastor, upon the recommendation of one man, and he the only one who had ever heard the pastor preach."

"Mr. Perkins had a lovely character. He had the instinct of a woman to see good in his fellow man, and his name will be cherished among rich and poor alike."

SUSPECTS

Are Held In Akron For the
Cleveland Police.

Two Italians, giving their names as Crizando Feouetto and John Cooper are in custody here, having been arrested early Monday morning on suspicion that they were implicated in a recent serious cutting affray in Cleveland. The men left Cleveland last night on an A. B. & C. car, and their efforts to hide their faces aroused the suspicion of the conductor, and he telephoned ahead to the Akron police. The two men left the car north of the power house, but were captured later by Officers Duffy and Colwell, near Akron junction.

The police of Cleveland have been communicated with, and the Italians will probably be sent to Cleveland.

Honestly to be Recommended.
Keep a box of the celebrated "St. Bernard Vegetable Pills" in the house, and use them on the first appearance of stomach or liver troubles, as indigestion, constipation, sour stomach, dyspepsia, headache, biliousness. NEW CLERK

Will Take Will R. Irvin's Place
For Short Time.

Benjamin Motz, a youth who will take the place of Mayor's clerk Will R. Irvin for a few days, appeared in Police Court, Monday morning, and familiarized himself with the details of the work. Clerk Irvin has been reading law with all possible diligence, during the past few weeks, and Monday afternoon he left to take an examination for admittance to the bar.

WILL REMAIN.

Prof. Leonard Declines to Leave
Mansfield Reformatory.

Mansfield, O., June 2—James A. Leonard, superintendent of the Ohio State Reformatory, has announced that he will not accept the offer of the superintendency of the Youngstown schools, preferring to remain at Mansfield. At a meeting of the Reformatory Board he was persuaded to decline the offer, although he would have received \$3,000 there, while he is getting \$2,000 here.
